## Annual Membership

The mission of the Two Rivers Historical Society is to acquire, record, preserve, and exhibit the distinct physical and cultural history of Two Rivers to educate and inspire present and future generations.

Your membership dues also offset the cost of printing and sending the organization's quarterly newsletters. High membership numbers reflect an active, supported organization – a relevant fact shared as we apply for grants with the intention of strengthening our ability to serve and educate the public. Your continued support is greatly appreciated.
